Free Support for Somerset Businesses

Make 2026 the year you take your business to the next level. Let us show you how. Work closely with an experienced business mentor to help you break through the barriers holding you back.

If you're running a business in Somerset, you can access this free support through the Start Up & Grow Programme. It's fully funded through the UK Shared Prosperity Fund so there's no cost for our advice.

If any of these sound like you then we can help:

"I've got a great product but I just can't seem to find the customers"
"I'd like to grow my business and make it more profitable but I'm not sure how"
"I need a sounding board. Someone to talk through ideas and get a clear plan"
"I struggle with the finances and cashflow and need help to set this up properly"
"I'd love to stop juggling so much and be able to use new tools to manage my time more efficiently"

We can support and advise you in any of these areas and more. Plus, all of our support is completely tailored to you, not generic advice you can get off of the internet. Just trusted, expert advice from real people.

"The advice received from BIP was very helpful in putting me back on track in moving my business forward. Chris understood my business which made it easy for us to bounce ideas off each other and I have started to put a couple of the ideas in motion already." - Mahalia

We've already helped over 160 Somerset businesses through this support but it ends in March so if you'd like someone to work through your business challenges with, register today.
